

## Why does my Otech system say that I have run out of disk space?

Some users may experience an error stating that they have run out of disk space. This is because the system is logging a minor display error and the storage of these logs has filled up most of the hard drive's free space. If you are currently experiencing this issue, please contact Otech Support to schedule an appointment. We will be happy to assist you with fixing this problem!

<b>CONTACTING OTECH SUPPORT</b> <b>TO SET AN APPOINTMENT</b>	<b>INFORMATION TO INCLUDE</b>
<p><b>Complete the web form at</b> <a href="https://www.owens.edu/otech/support.html">https://www.owens.edu/otech/support.html</a></p> <p>Or</p> <p><b>Fill out a paper version of the support request form available in 213 College Hall on the Toledo Campus.</b></p>	<p>Please have the following information readily available for any support request</p> <p>Name</p> <p>Owens username (firstname_lastname)</p> <p>Phone number</p> <p>Otech PC ID number (sticker on your computer)</p> <p>A description of the problem you are experiencing</p>
<p>We will contact you via your Owens email or the phone number you provided in the support request, so please check both your email and your voicemail frequently.</p>	
<p>Please note that Otech Support <b>is not</b> affiliated with the Owens IT Help Desk, and the Help Desk <b>will not</b> provide support for Otech computers.</p>
