

When I try to access my student Omail+ account, I am being redirected to the Google website. How do I access my Omail+ from here?

1. Click **Sign in** on the Google Website.

Google accounts

Sign in to your organization's account at: student.owens.edu

This Google Account is administered by student.owens.edu. Google doesn't host the account and so doesn't know your password. To sign in to this account from the Google Accounts page:

The diagram shows a sign-in form for a Google Account. It includes fields for "Email" (with an example "user@example.com" and a note "ex: pat@example.com") and "Password". There is a checkbox for "Stay signed in" and a "Sign in" button. A link "Can't access your account?" is at the bottom. Three yellow callout boxes provide instructions: "Type your full email address" points to the email field, "Leave the password field blank" points to the password field, and "Click 'Sign in'" points to the sign-in button.

You will be directed to the organization's sign-in page, where you can enter your password.

If you prefer to enter your username and password in one step, bookmark and use your organization's sign-in page.

2. Enter your FULL email address in the **Email** field.
ex. your_name@student.owens.edu
3. Leave the **Password** field blank.
4. Click **Sign in**.

6. If you are not already logged into Ozone, you will be redirected to the Owens login page. Here you will type in your Owens Username (ex. your_name) and your Owens password. Click **Login**.

7. At the Google website, click **Mail** at the top of the page.

****Please note, your Omail+ is just a part of your Owens Google account. As an Owens student, you also have access to other Google features, such as Google Books, Voice, Drive, News, Play, Picasa, Maps, etc.!****
