

What is Ozone? What can I do using Ozone, and why is it so important to check often?

Ozone is the **main method** of communication between the College and students. Ozone is your *online portal for information and resources* related to your experience at Owens Community College. Check your account balance, add and drop classes, complete financial requirements, pay your bill, set up the Deferred Payment Plan, apply for graduation, request a transcript, review transfer credit applied to your account, change your major, intent or contact information and carry out many other critical processes related to being a successful student at Owens Community College. For a guide to the many features of Ozone, and step by step instructions on how to use this resource, view the *How to Manage your Student Account* brochure.

If you have trouble logging into Ozone after completing your application, contact the Help Desk at (567) 661-7120.
