

What are Google Bookmarks?

The screenshot displays the Google Bookmarks page. At the top left is the Google logo. To its right is a search bar labeled 'Search Bookmarks' with a magnifying glass icon. Below the search bar is a navigation menu with links for Web History, Web, Images, News, Shopping, Sponsored Links, Videos, Maps, Blogs, and Books. The main content area is titled 'Bookmarks' and features three sorting tabs: 'Sort by title', 'Sort by label', and 'Sorted by date'. Two bookmarked items are listed: a star icon followed by 'Learn Spanish - Survival Guide Podcast...' from learnoutloud.com, and another star icon followed by 'Free Audio Books | PickTheBrain | Motivation...' from pickthebrain.com. Below the list is a 'Google Bookmark' button and a message: 'Bookmark pages more easily. Drag this bookmarklet to the Bookmarks bar of your browser:'. At the bottom, there is a copyright notice '©2012 Google' and links for 'Google Home', 'Bookmarks Help', 'Privacy & Terms', and 'About Google'. On the left side, there are additional links: 'Bookmarks', 'Unlabeled (2)', 'Add bookmark', 'Export bookmarks', and 'Delete all'.

What does it do?

Allows users to organize/view their bookmarks and browsing history. Also gives users a Google Bookmark button they can add to their browser's favorites bar.

How is this helpful?

Students can save all of their sites for projects to their Google Bookmarks site and organize them by project and/or class.
