

What are Google Bookmarks?

The screenshot displays the Google Bookmarks page. At the top left is the Google logo. To its right is a search bar labeled 'Search Bookmarks' with a magnifying glass icon. Below the search bar is a navigation menu with links for Web History, Web, Images, News, Shopping, Sponsored Links, Videos, Maps, Blogs, and Books. The main content area is titled 'Bookmarks' and features two sorting buttons: 'Sort by title', 'Sort by label', and 'Sorted by date'. Below these are two bookmarked items, each with a star icon, a title, a URL, and 'Edit Remove' links. The first item is 'Learn Spanish - Survival Guide Podcast...' from 'learnoutloud.com', dated 'Yesterday'. The second is 'Free Audio Books | PickTheBrain | Motivation...' from 'pickthebrain.com', also dated 'Yesterday'. A 'Google Bookmark' button is positioned below the second item. At the bottom of the page, there is a copyright notice '©2012 Google' and several utility links: 'Google Home', 'Bookmarks Help', 'Privacy & Terms', and 'About Google'. On the left side of the main content area, there are links for 'Bookmarks', 'Unlabeled (2)', 'Add bookmark', 'Export bookmarks', and 'Delete all'.

What does it do?

Allows users to organize/view their bookmarks and browsing history. Also gives users a Google Bookmark button they can add to their browser's favorites bar.

How is this helpful?

Students can save all of their sites for projects to their Google Bookmarks site and organize them by project and/or class.
