

Can I use a room without reserving it if it appears open?

No. We discourage the use of any room that has not been reserved by either academic scheduling or events. This will prevent any issues that may occur if another group shows up to use the room that has followed the proper procedures. If a room is needed last minute please contact events at (567) 661-7207 and we will try to accommodate your needs as best we can.
