

How do I use the features of my campus telephone?

The campus uses Siemens optiPoint 500 advance telephones, please open the quick reference PDF document attached to this post. It explains how the phones features work in detail. Please note not all of the features listed in the reference are available, if you have any questions on a specific feature please contact the switchboard at 567-661-7000 or ext. 7000
