

# **I have multiple email accounts at Owens Community College. Can you tell me what each is used for?**

If you are a faculty/staff member your email account will be: `firstname_lastname@owens.edu`. This account can be accessed using the desktop **Outlook email client** or **Employee Email Web Access** from the Ozone portal (internet). If you are an alumni or student as well, your email address would be: `firstname_lastname@student.owens.edu`. The student/alumni account is also accessed from the **Ozone portal**, but by clicking on the **Omail+** tab.
