

## **Why am I now being charged for copies when they were free before?**

Actually, printing is never "free." The college was spending tremendous amounts of money for paper and toner. Much of that was spent for pages that were immediately thrown away. We want to make certain we can continue to provide students with essential computer access and essential printing access, but we need to make certain students are using the service in a responsible way. Many colleges/universities in Ohio have already reached this conclusion and instituted a limit on free copies in their efforts to be greener.
